Science Discovery Kits

“Science Club” kits are perfect for science fair projects or for budding young scientists and magnetic explorers! These kits are best suited for “upper classman” aged 10 years and up. All kits include a comprehensive activity booklet with up to six activities, and all necessary components to construct kits. Household items like tools, tape, batteries and the like are needed, and adult supervision is strongly suggested. ***Bonus, this line was created by a real-live science teacher in Sonoma, California!**

Magnet Levitation Kit

Learn about equilibrium and magnetic fields while constructing a gravity-defying train!
731100

Kit includes: disc, ring, latch and Neodymium magnets, high-force magnetic strip, plastic guide rails, compass, iron filings, wood blocks and nails, and five experiments and five projects.

Electric Motor/Generator Kit

Explore the wonders of electricity by building a motor/generator that causes an LED light to flicker!
731101

Kit includes: disc, latch and Neodymium magnets, compass, wire, sand paper, spring, paper clips, nuts, nails, screws, bolts, light emitting diode (LED), plastic plates and tubes, and six experiments and six projects.

Electromagnet Science Kit

Build a doorbell, telegraph system and a catapult—all with a true electromagnet!
731102

Kit includes: disc, latch and Neodymium magnets, compass, straws, wires sand paper, switch plates, wood screws, nails, light bulbs, battery holders, iron filings, pre-drilled wood blocks and light emitting diode (LED), and six experiments and six projects.

Magnets In Motion

Create electric currents with falling magnets, learn how subway and roller coaster brakes work and explore the theory of Lenz's Law.
731103

Kit includes: aluminum, copper and plastic tubes, paperclips, Neodymium and ceramic magnets, steel plug, rubber bumpers, vinyl tubing, iron filings, compass and large nail, and five experiments and five projects.

Hands-On™ Series Magnet Kits

These magnet kits are designed with the early explorer in mind and present a variety of options to discover the magic of magnets. And the “price is right” for birthday party gift-giving!

Each kit measures 12" x 2 1/8" x 9 5/8", has a “peek-a-boo” window, allowing customers to view the kit contents, and includes a full-color, multi-lingual (French, Spanish and German) activity booklet with fun facts, magnet history and age-appropriate experiments.

★ Best-selling line

Very First Magnet Kit

A perfect magnet starter kit that's loaded with items that encourage exploration and experimentation!
MK502

Kit includes: magnet wand, four ceramic magnet shapes, 10 magnet marbles, assorted flexible shapes, ceramic horseshoe magnet, block magnet, paper clips, nuts and washers, and activity booklet.

Super Science Magnet Kit

Delve into the science of mysterious magnetic forces with this varied assortment of magnets and accessories.
Ages 8 and up.
731201 *previously MK503*

Kit includes: large steel horseshoe magnet with super-strong Neodymium magnets, ceramic horseshoe, bar and disc magnets, plastic-encased red/blue North/South bar magnet, colored paper clips, iron filings, steel shapes, compass, cork, and activity booklet.

Giant Horseshoe Magnet Kit

Make magnet marbles spin, ring magnets “float” and paper clips dance on your table top or desk!
MK505

Kit includes: giant horseshoe magnet, 50 magnetic counting chips, three ceramic ring magnets, five magnet marbles, two plastic-encased button magnets, paper clips, and activity booklet.

Classroom Attractions

These super-sized classroom kits provide all the magnets and accessories needed to compliment a curriculum-based science program. Kits include a large assortment of materials along with an educational activity guide. Cheering for grades K–6, ages 4–12.

Classroom Attractions—Level 1

Pre-kindergarten through 2, Ages 4–7.
731301 previously CK100

Kit includes:

- 1 Alnico bar magnet for demonstration
- 1 teacher's guide
- 5 plastic-encased button magnets
- 5 pencils
- 10 magnet wands
- 10 magnet discs
- 15 magnet rings
- 50 magnet marbles
- 100 paper clips
- 200 counting chips

Classroom Attractions—Level 2

Grades 1 through 3, Ages 6–9.
731302 previously CK200

Kit includes:

- 1 2" Alnico magnet for demonstration
- 1 teacher's guide
- 5 1" ceramic horseshoe magnets
- 5 plastic-encased button magnets
- 5 sets of polished steel shapes
- 5 pencils
- 5 compasses
- 5 plastic-encased North/South bar magnets
- 5 wands
- 5 plastic-encased block magnets
- 15 ceramic ring magnets

Classroom Attractions—Level 3

Grades 4 through 6, Ages 9–12.
731303 previously CK300

Kit includes:

- 1 6" Alnico bar magnet for demonstration
- 1 teacher's guide
- 5 2" Alnico bar magnets
- 5 Alnico horseshoe magnets
- 5 lodestones
- 5 pieces of magnet viewing film
- 5 compasses
- 5 wooden dowels
- 5 nails
- 5 flexible magnet discs
- 5 1" colored ceramic disc magnets
- 5 corks
- 5 set of iron filings
- 10 ceramic block magnets
- 10 5" colored ceramic disc magnets
- 15 latch magnets

Simply Science®

These educational and fun kits encourage kids to discover how and why magnets work. Offering price-points to please any budget and activities to engage even the most curious—Simply Science® kits come packed in clear plastic tubes for optimum content visibility and all packaging includes Spanish, French, and German translations. 🌐

Floating Magnet Rings

This award-winning kit includes a pencil and six ceramic ring magnets that kids can arrange to magically levitate! Package measures 6 1/8" tall x 1 1/2" diameter.

Ages 8 and up.
SS10

Mysterious Magnet Tube

This item continues to be on the Most Popular list year after year. Explore the mystifying interaction of magnets and iron filings, while learning the intriguing science behind it. This kit includes an Alnico "cow" magnet, sealed plastic display tube with iron filings and activity booklet. Package measures 5 1/8" tall x 3 1/2" diameter.

Ages 6 and up.
SS30

Magnet Mania Kit

Easy activities and a variety of items make this kit a great introduction to the fun and mystery of magnets! Kit includes two magnet wands, ten magnet marbles, 50 counting chips and activity booklet. Package measures 8" tall x 2 3/8" diameter.

Ages 4 and up.
SS75

Science Magnets

These essential tools are perfect for science-fair projects, crafting or year-round magnetic discovery. Collection includes Alnico (a mix of Aluminum, Nickel and Cobalt), Neodymium (a rare earth magnet), or ceramic (a value-priced permanent magnet.) Ages 8+. Not intended for use by small children.

North/South Bar Magnets

Two color-coded, plastic-encased bar magnets, each 3" tall. Learn all about magnetic polarity!
712

Six Ring Magnets

Six unfinished ring magnets.
731000

Six Latch Magnets

Six unfinished latch magnets.
731001

Twelve Small Bar Magnets

Twelve unfinished small bar magnets.
731002

Eight Disc Magnets

Eight unfinished 1" disc magnets.
731003

14-pc Assorted Magnet Set

14-pc assorted magnet set includes 2 - 1" discs, 4 - 3/4" discs, 4 - 1/2" discs, and 4 small bar magnets.
731004

Alnico Science Kit

A combination of our most popular magnets in one fantastic kit, including one each of 1" horseshoe, 2" horseshoe, 2" bar magnet, plus a tube of iron filings, and steel shapes.
731009

Alnico Bar Magnet

One bar magnet, 6" x 1/4" x 1/2" with North and South poles stamped.
731010

Alnico Bar Magnets

Two bar magnets, 3" x 1/4" x 1/2" with North and South poles stamped.
731011

North/South Alnico Bar Magnets

Two bar magnets, 2" x 1/4" x 1/2" with the North and South poles stamped.
731012

Alnico Cow Magnet

This 3" long cylindrical magnet is world famous —there's one inside every cow!
731013

1" Alnico Horseshoe Magnet

Lift two pounds with this 1" tall magnet!
731014

2" Alnico Horseshoe Magnet

Lift four pounds with this 2" tall magnet!
731015

Iron Filings

Sprinkle a small amount of iron filings onto paper and move magnets underneath to create amazing "pole" patterns. 12 ounces of iron filings in easy-to-dispense jar.
731019

Neodymium Magnets

Super Strong! Six plastic-encased, color coded neodymium magnets, 1/2" diameter.
731020

Magnetic Field Viewing Kit

Iron filings are safety sealed in a 3 3/4" diameter tray for your experimentation! Includes two tester magnets.
731021

Mini Science Kit

All you need for a range of magnetic explorations! Five assorted ceramic magnets and compass.
731022

Classic Horseshoe Magnet

This 6" tall, steel horseshoe magnet has Neodymium magnets embedded in its "feet." Strong and permanently magnetic!
731023

3" Classic Horseshoe Magnet

This 3" tall, steel horseshoe magnet has Neodymium magnets embedded in the "feet." Strong and permanently magnetic!
731024

Magnet Center

Got counter space near the register? Want an attractive “impulse” item?

Let the Magnet Center “cheer” your customers with these “must have” magnets—and watch your items per transaction skyrocket!

The durable wooden display holds 12 various magnets and accessories. Kit comes complete with items marked below (see *) but feel free to select your own items and build a custom magnet center of your very own!

Magnet Center Display Assortment

Pre-packed with one set of nine best-selling items (noted with *), plus shopping bags and Take-One Flyer that includes activities and retail price per item. Display measures 11” wide x 13” long and stands 16” tall at its highest point.

MC100

North/South Bar Magnet

Test your magnets for polarity. Set includes 100 magnets, each measures 1 3/16” x 5/16”

MC01*

Compass

Never get lost in the woods with this compass in your pocket! Set includes 30 compasses, each is 1” in diameter.

MC05*

Latch Magnet

Center hole is handy for Science Fair Projects and other “stringing” fun! Set includes 100 magnets, each is 1” x 3/4”.

MC07*

Steel Shapes

Versatile smooth steel shapes for experiments and free-form sculpture! Set includes 12 tubes, each is 2.4 oz.

MC09*

Iron Filings

Use to illustrate the magnetic force field around a magnet. Set includes 12 tubes, approx. 1 oz. each.

MC02*

Disc Magnet

Create crafts by gluing this magnet on the back of your masterpiece! Set includes 100 magnets, each is 1” in diameter.

MC06*

Horseshoe Magnet

This classic magnet is great for demonstrating polarity and attraction. Set includes 25 magnets, each is 1 1/4” tall.

MC08*

Ring Magnet

Stack on a pencil to create “floating rings!” Great just for fun or Science Fair Projects! Set includes 100 magnets, each is 1 1/8” in diameter.

MC12*

Lodestone

These “rocks” contain iron ore—the earth’s only natural magnet! Set includes 20 lodestones, each is 3/4” to 1” in diameter.

MC04*

Take-One Activity Flyer

Free with purchase, each 8 1/2” x 11” flyer includes retail price, and magnet activities.

MC17*

Shopping Bag

Allow young shoppers to bag their own merchandise! Each bag measures 7” x 4”.

MC16*

Mix and match these items to create a custom magnet center for your store (not included in the standard display assortment!)

Marbles

Make a snake, or watch them flip and spin! Set includes 100 marbles, each is 5/8” in diameter.

MC14

Block Magnet

Super-strong plastic-encased magnets can hold artwork in style. Set includes 12 magnets, each is 2” x 1” x 1/2”.

MC15

Button Magnet

Attract and repel, build and play with these colorful plastic-encased magnets. Set includes 12 magnets, each is 1 1/8” in diameter.

MC18

Magnet Match-Ups

Young learners will love matching everyday objects with these self-correcting magnet puzzle pieces featuring bold, colorful photography. Big magnets are easy for small hands to manipulate. Each set includes 20 picture magnets, 9" x 12" double-sided magnetic play board, and activity sheet, all in a reusable vinyl storage envelope.

Wonderboard® Magnet Sets

The Wonderboard® line offers kids hours of open-ended, “no-rules” fun (and at the same time offers parents the peace of mind that kids are getting a much-needed break from their usual “electronic” world!) As a bonus—this line is priced under the magic “birthday party” gift budget number—a perfect gift-giving choice!

Note: We’re happy to announce all new packaging for 2012—sturdy chip-board envelope easily stores items when not in play. Please advise if you need NEW product images for advertising and marketing efforts. All magnet kits include one sheet of magnet, one 9” x 12” double-sided play-board, and packaging includes French, German, and Spanish translations. 

PROUDLY MADE IN THE USA!

Voted “Most Likely to Succeed”
since 1990!

All new packaging, return to the steel board—and made in the USA!

NEW

Make a Healthy Lunch

Includes 41 lunch making magnets.
736213

NEW

Get Dressed

Includes 31 clothing and accessory magnets.
736210

Magnetic Play-boards (pack of five)

Pack of five white steel, double-sided magnetic receptive, and dry-erase play-boards. Perfect addition for the classroom to use with manipulatives or in magnet centers to practice basic skills. Also great for use in the home or travel to foster creative and learning play.
WBMB5

Play with Shapes

Includes 81 fun and funky shaped magnets in new colors!
736215

Junior Architect

Includes 150 magnet architectural elements.
736202

Make A Face

Includes one overlay sheet with face shapes, and 47 magnets.
736204

Build A Bug

Includes 44 buggy magnet parts.
736203

Mr. Magnet Games®

Classic family games with a magnetic twist! These colorful, value-packed games feature playful yet modern artwork with characters and themes that will enchant children as they explore the fun and challenge of game play. Each game box measures 12" x 1 1/2" x 9".

Monkey Dominoes

This classic matching game takes players through a tropical forest to pair up handfuls of exotic fruit. Play the tiles, build the chain and win the game! Monkey Dominoes includes 11" X 17" folding magnetic game board, 28 chunky foam magnet domino tiles, 8 magnet bonus pieces, a dry erase score card, dry erase marker and a full-color illustrated instruction booklet with easy-to-follow rules. Ages 4 and up. 2-4 Players
737100

Hat Stackers Party

You are invited to the party! This memory-matching game will engage children with a charming array of colorful and crazy hats. Pick a pair, build a stack and win the game! Hat Stackers Party includes 11" X 17" folding magnetic game board, 40 chunky foam magnet game pieces, and a full-color illustrated instruction booklet with easy-to-follow rules. Ages 4 and up. 2-4 Players
737101

AWARD WINNER!

Froggie Checkers

Hop around the pond with your froggie friends! Move your game pieces across the pond and win the game! Froggie Checkers includes 11" X 17" folding magnetic game board, 24 chunky foam magnet game pieces, and a full-color illustrated instruction booklet with easy-to-follow rules. Ages 5 and up. 2 Players
737102

Counting Rainbows

Counting Rainbows allows young players to practice their counting skills with fun and creative play! Players collect colorful rainbow "arches" as they spin for points. Be the player with the most points and win the game! Ages 4 and up.
2-4 Players
737104

What Am I?

What am I? offers a clever twist to the classic game of charades, and makes guessing more fun than ever. Choose from over 60 pictures in the picture booklet or make up your own, building them with a selection of colorful shapes made of chunky foam magnetic game pieces. Includes an 11" x 17" folding magnetic game board, a picture booklet with 61 pictures plus 7 blank pages, 130 magnetic game pieces, and a colorful, illustrated instruction booklet. Ages 4 and up. 2-4 Players
737103

Magic Penny® Magnet Kit

With this extraordinary kit, children and adults alike will learn things that even top scientists and engineers have found amazing! You can make pennies spin at 1,000 revolutions per minute, build rim-standing sculptures and levitating pyramids, move pennies up ramps and over bridges as if by magic, and much, much more. Two steel-encased super-strong magnet towers and 24 authentic, newly-minted British pennies allow for endless discovery and play. The 64-page activity booklet includes instructions for 32 awe-inspiring magnetic feats, penny history, and interesting magnet facts. Ages 8 and up. 736100

Great price = Great gift!

Magnet Play

Wave the primary-colored wand over any object to find out what it attracts! Experiment with counting chips, magnet marbles and our Giant Horseshoe Magnet! Build pyramids and other fun shapes, play marble games, and more!
Ages 3 and up.

8" Giant Horseshoe Magnet

Ideal for little hands and curious minds—horseshoe magnet can lift up to 4 lbs.
HSO1

50 Magnet Marbles with Sorting Tray

Boxed set of 50 magnet marbles in ten colors, sorting tray, marble bag and activity booklet. Each marble is $\frac{5}{8}$ " in diameter.
DM50

Magnet Math

Welcome to the Math Club—we have something for every grade and age-group from currency, geometry, fractions to basic numerals and operation signs—we guarantee children will learn math (and have fun doing it!) Ages 4 and up.

PROUDLY MADE IN THE USA!

Have fun doing math!

Magnet Coins

Includes two sheets of heads and two sheets of tails—8 quarters, 12 dimes, and 40 pennies—72 coins in all!
MA10

Magnet Clocks

Includes two clock faces, two sets of hands, two digital displays, and plenty of numbers.
MA11

Base Ten Magnets

Includes four sheets of base ten wholes, tens, and single units.
MA12

Magnet Fraction Squares

Includes nine color-coded 4" x 4" squares: one whole, half, third, fourth, fifth, sixth, eighth, tenth, and twelfth.
MA15

Magnet Fraction Circles

Includes nine color-coded 4" x 4" circles: one whole, half, third, fourth, fifth, sixth, eighth, tenth, and twelfth.
MA14

Magnet Bills

Includes 12 bills: 5 ones, 4 fives, 2 tens, and 1 twenty.
MA16

Magnet Pattern Blocks

Includes 6 red trapezoids, 9 blue parallelograms, 12 green triangles, 6 orange squares, 4 yellow hexagons, and 12 tan rhombi.
MA17

Magnet Numerals

Includes numbers 0 to 9 (100 in all) and operational signs for addition, subtraction, multiplication, and division.
MA13

Magnet Cake Fractions

A delicious way for kids to learn fractions! Let them eat cake, or pie, or even kiwi. Each of these magnetic circles has been assigned a different fun food and a different fraction from 1 to $\frac{1}{2}$. The circles have been split into equal parts that correspond to the fractions they represent, making these a delicious way for kids to learn their fractions. Separate and mix the pieces and have your kids construct each circle, counting aloud. Or give pieces to several students and let them put the circles together as a team. Each set includes 9 magnetic cake circles divided into fraction pieces 1 to $\frac{1}{2}$. Ages 8 and up. 732150

Magnet Multiplication Tables

Colorful magnets to teach kids to master multiplication tables with numbers 1–9. Look at one side of each double-sided magnet for the problem, and flip it over to confirm the answer. Each set includes 81 2-sided magnetic multiplication tiles, and 1 magnetic white board. Ages 8 and up. 732160

Foam Fun

Our Foam Fun products showcase flexible magnet and colorful foam (and guess what parents? Our foam is WASHABLE!) Great for early learners, and the black letters provide the highest contrast against a magnetic whiteboard to assist children with special needs.

Lowercase Letters

70 letters total: 6 each a & e; 5 each i; 4 each h, o, s; 3 each n, r, t, u; 2 each b, c, d, f, g, j, k, l, m, p, v, w, y; 1 each q, x & z plus punctuation. Magnets are 1" to 2" tall and come in a handy storage bucket with illustrated booklet.

733101

AWARD WINNER!

Uppercase Letters

58 letters: 6 each A, E; 5 each I; 4 each O; 3 each N, R, T; 2 each B, C, D, G, H, L, M, S, U; 1 each F, J, K, P, Q, V, W, X, Y, Z. Magnets are 2" tall and come in a handy storage bucket with illustrated booklet.

733100

Uppercase Letters, Red and Blue

108 letters total: red vowels, 9 of each letter and blue consonants, 3 of each letter.

733102

Lowercase Letters, Red and Blue

108 letters total: red vowels, 9 of each letter and blue consonants, 3 of each letter.

733103

AWARD WINNER!

Uppercase Black Letters

Single colored sets help young, remedial and special-needs students "see" words more clearly. Provides the highest contrast against magnetic-receptive whiteboards and chalkboards. 108 letters total: 9 of each vowel and 3 of each consonant.

733104

Lowercase Black Letters

108 letters total: 9 of each vowel and 3 of each consonant.

733105

Pattern Blocks

Set includes: 20 yellow hexagons, 20 orange squares; 40 green triangles, 40 red trapezoids, 40 blue parallelograms (or rhombi) and 40 white parallelograms (or rhombi) packed in a handy storage bucket, along with colorful booklet full of fun activities.

732100

Numbers

Set includes: 62 numbers and 18 operational signs packed in a handy storage bucket, along with a colorful booklet full of fun activities.

732101

Counters

Set includes: 120 counters; 30 of each of four different shapes in five assorted colors.

732102

Tangrams

8 tangram sets in 4 colors, 56 total pieces. Great for quiet play time.

732103

Let's Build Language

Large Magnet Sentence Strips

NEW

Teachers, this is a perfect addition to a classroom whiteboard! Each set includes 10 strips 3" wide x 24" long with ruling: 1 1/2" X 3/4"
733020

Small Magnet Sentence Strips

Includes 18 pre-cut dry-erase strips, 7/8" x 11" with printed lines, and dry-erase pen.
Item not shown.
733009

Let's Build Words

Includes 61, 3" tall color-coded magnet phonograms, 52 letters and common digraphs. *Magnetic play-board not included with this set.*
LB1

Let's Build Sentences

Includes the first 200 sight words, 1" tall, plus 58 letters and punctuation tiles, and a 9"x12" magnetic play-board.
LB2

High Frequency Word Magnets, Grades K-1

Set includes 57 printed magnets plus 3 blanks for added creativity, and a booklet of motivating activities.
733000

High Frequency Word Magnets, Grades 1-2

Each set includes 57 printed magnets plus 3 blanks for added creativity, and a booklet of motivating activities.
733001

Word Family Magnets

Teach and reinforce basic phonics skills with these color-coded motivating magnets. 36 of the most common word beginnings and 36 endings are included. Students can work with the magnets alone, at a center, or during small group discussion. Magnets work on any magnetic surface. Booklet of related activities included.
733002

Fun with Letter Magnets

This best-selling literacy set includes 144 one-inch square magnet tiles: 99 lower case, 26 upper case and 19 blank tiles. Also includes a 9"x12" magnetic play-board and activity booklet.
733003

Magnet Tools

Magnet Hold Its® are the perfect classroom (or office) helper! Manage papers, photos, signs, documents, and more with this rainbow of attractive and strong magnets! These magnets are not intended for use and play by children.

Jumbo Push Pin Magnets

Standing at 1 1/4 inches tall, Jumbo Push Pin Magnets feature a strong magnet and six cool translucent colors. Packaged in a bucket display, sell them individually or as a complete set—72 pieces. 735016

Eight Medium Push Pin Magnets

Eight medium push pin magnets, 3/4" tall, in assorted colors. 531

Ten Mini Push Pin Magnets

Ten mini push pin magnets, 1/2" tall, in assorted colors. 532

Two Medium Magnet Clips

Two medium magnet clips, 2" X 2", assorted colors. 533

Large Rubber Grip Clip

Large rubber grip clip magnet, 2" X 3", assorted colors. 534

Six Button Magnets

Six button magnets, 3/4" diameter, assorted colors. 535

Narrow Rubber Grip Clip

One narrow rubber grip clip 1 1/4" X 3 1/2", assorted colors. 537

Classroom Helpers

PROUDLY MADE IN THE USA! 

Liquid Magic Wall Magnetic Paint: One Gallon

Magic Wall acrylic latex water-based primer turns any wall into a magnetic receptive surface. Apply like regular paint—for best results, two coats suggested. Apply a top-coat to match any décor. It's a great solution to cluttered refrigerators, ugly push pin holes or tape marks. One gallon covers 100 square feet with two coats. *Item not shown.* LMWG

Liquid Magic Wall Magnetic Paint: Pint Kit

Pint kit comes with applicator and covers 12 ½ square feet with two coats. LMWP

Liquid Magic Wall Magnetic Paint: Quart

Quart covers 25 square feet with two coats. LMWQ

Magic Wall Boards

These light-weight, double-sided magnetic/dry-erase boards have a different design on each side. Sold in units of six PER SIZE, but styles can be mixed. Includes adhesive tabs to mount to almost any surface.

Custom Calendar

Our magnetic calendar is undated, so it can be reused month after month, year after year. Use the month magnets to identify the month, and place the magnetic numbers on the appropriate days of the week. Each calendar comes complete with a set of months and dates and playful theme icons. Calendar measures 22 ¼" x 28 ½" and has a dry-erase surface that reverses to solid white. 735203

Why Choose Dowling Magnets?

- We have been in the magnet business longer than anyone else—since 1949.
- Many of our products are star-studded “award-winners” and were created by real teachers!
- Our products are “environmentally friendly” and offer kids (and parents alike!) a non-electronic toy and game alternative.
